County of Summit ADM Board Board of Directors

Aimee Wade, Executive Director

Aimee's Message

This year's report is designed to highlight the effects of the ADM Board's impact on our agencies, our workforce, and our community. As Executive Director, I am excited to share insights into the ADM Board's contributions to Summit County in collaboration with our system of care and community partners.

We invest not only in the statutorily required services, but also in creating space for innovation and advancing the best and evidence-based practices. We recognize that there is no one pathway to recovery, and we honor the journey of each and every person traveling that road. In Summit County, no one is ever alone. The ADM Board supports a network of providers — one that we refer to as our Circle of Hope while also providing grants and sponsorships to programs and grassroots organizations that directly impact and supplement the work of our core mission.

We are honored to share the impact of our investments across the community, fostering HOPE for those at risk or impacted by mental health and substance use disorders.

Inaugural ADM Board Dinner

In 2023, the ADM Board reimagined its Trailblazer Awards ceremony, hosting a sold-out dinner where the new logo and branding were introduced to the community. Attendees browsed stations designed to highlight the past year's achievements, and three individuals and one community organization were recognized as true Trailblazers in our community. Executive Director Aimee Wade, members of the Board of Directors, the Recovery Choir, and youth members of Alliance for Healthy Youth's CATS program took the stage to honor our recipients.
