SMALL AND EMERGING BUSINESS ENTERPRISE INFORMATION

Please check the descriptions below that apply to your business. If your business meets the criteria of a Small and Emerging Business Enterprise but does not currently have a formal certification through a certifying body, you may complete and submit the Small and Emerging Business Enterprise Affidavit.

Please check *all that apply*:

8(a) Business Development Program

In order to help small, disadvantaged businesses compete in the marketplace, the SBA created the 8(a) Business Development Program. The 8(a) Business Development Program is a business assistance program for small, disadvantaged businesses. The 8(a) Program offers a broad scope of assistance to firms that are owned and controlled at least 51% by socially and economically disadvantaged individuals. Participation in the program is divided into two phases over nine years: a four-year developmental stage and a five-year transition stage.

Disadvantaged Business Enterprise (“DBE”)

DBEs are for-profit small business concerns where socially and economically disadvantaged individuals* own at least a 51% interest and also control management and daily business operations. (*African Americans, Hispanics, Native Americans, Asian-Pacific and Subcontinent Asian Americans, and women are presumed to be socially and economically disadvantaged). Other individuals can also qualify as socially and economically disadvantaged on a case-by-case basis. To participate in the DBE program, a small business owned and controlled by socially and economically disadvantaged individuals must receive DBE certification from the relevant state—generally through the state Uniform Certification Program (UCP).

To be regarded as economically disadvantaged, an individual must have a personal net worth that does not exceed \$1.32 million. To be seen as a small business, a firm must meet SBA size criteria AND have average annual gross receipts not to exceed \$22.41 million. Size limits for the airport concessions DBE program are higher. The Department has issued a final rule amending its disadvantaged business enterprise (DBE) program at 49 CFR part 26.

Encouraging Diversity, Growth and Equity (“EDGE”)-Certified Business Enterprise

An EDGE-certified business must be owned and controlled by a U.S. citizen who is a resident of Ohio. A business may qualify for EDGE certification if either (a) its owner is both socially and economically disadvantaged, or (b) the business is located in a qualified census tract and the owner is economically disadvantaged. A business enterprise that is eligible for EDGE certification must (1) have been in business for at least one year prior to applying; and (2) be at least 51 percent owned by socially and economically disadvantaged individuals. The business owner must (1) have day-to-day control over the business, exercising final authority over all aspects of the daily operations of the business, including but not limited to operations, financial and business management, and human resources and policy decisions; and (2) possess all licenses and permits required by law to perform the scope of work within.

SMALL AND EMERGING BUSINESS ENTERPRISE INFORMATION (Continued)

Lesbian, Gay, Bisexual, Transgender Business Enterprise (“LGBTBE”)

An independent business concern that is at least fifty-one percent (51%) owned and controlled by one or more LGBT persons who are U.S. citizens or lawful permanent residents, or in the case of any publicly-owned business, at least fifty-one percent (51%) of the equity of which is owned and controlled by one or more LGBT persons who are U.S. citizens or lawful permanent residents; and whose management and daily operation is controlled by one or more of the LGBT owners.

Local Economically Disadvantaged Enterprise (“LEDE”)

A sole proprietorship, partnership, company, corporation or joint venture that has been in business for at least one year prior to the date of determination in connection with the County’s contracting or procurement activities and that meets certain size limitations based on the Federal Small Business Administration Regulations set forth in 13 C.F.R. §121.201 and the revisions thereto.

The enterprise must be local, having (a) its principal place of business within Summit County, Ohio as determined by the payment of real or personal property taxes on property located in such county for not less than one taxable year immediately prior to the date of determination or (b) more than 50% of its full-time employees residing within the boundaries of Summit County; and must be economically disadvantaged such that the enterprise is at least 51% owned and controlled directly or indirectly by one or more individuals, each with a personal net worth equal to or less than \$750,000. Personal net worth of an individual includes the personal net worth of the individual’s spouse, if any, but does not include (1) the individual’s ownership interest in the enterprise being considered in connection with the County’s contracting and procurement activities or (2) the individual’s equity in his or her primary residence. Additionally, a contingent liability does not reduce an individual’s personal net worth.

Minority Business Enterprise (“MBE”)

Minority business concern, as used in this definition, means a small business concern (1) which is at least 51 percent owned by one or more minorities or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more minorities; and (2) whose management and daily business operations are controlled by one or more minorities. “Minority business enterprise” means Blacks or African Americans, American Indians, Hispanics or Latinos, and Asians as defined in the Ohio Revised Code.
